# SUBJECT INDEX

ACIDOSIS
Hyperchloremic acidosis during the recovery phase from diabetic ketoacidosis, 470
ACHONDROPLASIA
Acute laryngeal edema due to chloral hydrate, 858
ACYCLOVIR
Intravenous acyclovir for herpesvirus in immunocompromised patients, 27
ADOLESCENCE
Behavioral risk factors in adolescence as a basis for health planning, 595
Comparison of the effect of insulin hypoglycemia and clonidine on secretion of growth hormone, cortisol and β-endorphin in children and adolescents, 912
AFIBRINOGENEMIA, CONGENITAL
Congenital afibrinogenemia: an unusual case, 373
AGENESIS, RENAL
Proteinuria and chronic renal failure associated with unilateral renal agenesis, 919
AGRANULOCYTOSIS
Amodiaquine-induced agranulocytosis: drug inhibition of myeloid colonies in the presence of patient's serum, 331
ALPHA-FETOPROTEIN
Treatment of experimental allergic encephalomyelitis in rabbits with α-fetoprotein, 945
AMBULATORY SERVICES
Ambulatory care of the aged in Kupat Holim clinics, 264
AMIODARONE
Serum thyroxine and triiodothyronine elevation following intravenous amiodarone administration, 165
Amiodarone-induced dysthyroidism, 610
AMODIAQUINE
Amodiaquine-induced agranulocytosis: drug inhibition of myeloid colonies in the presence of patient's serum, 331
AMYLOIDOSIS
Familial Mediterranean fever: no association of HLA with amyloidosis or colchicine treatment response, 757
ANALGESICS
Adjunctive antianxiety agents in the management of chronic pain, 113
ANEMIA, IRON-DEFICIENCY
Iron-deficiency anemia among Jewish and Arab infants at 6 and 12 months of age in Hadera, Israel, 107
ANESTHESIA
Anesthetic management of 646 consecutive cesarean section cases, 18
Local anesthesia in carotid endarterectomy: an alternative method, 511
ANGIOMYOLIPOMA
Angiomyolipoma presenting as fever of unknown origin, 860
*ANOPHELES SACHAROVI*
Spatial and temporal changes in the distribution of *Anopheles sacharovi* in Israel, 850
ANOREXIA NERVOSA
Anorexia nervosa, laxative abuse, hypopotassemia and distal renal tubular acidosis, 50
ANTIBIOTICS
Necrotizing fasciitis: early awareness and principles of treatment, 127
Conservative approach in treating acute renal carbuncle, 157
Septicemia with two distinct strains of *Shaphylococcus aureus* and Dwarf variants of both, 434
Changing resistance of uropathogens to antibiotics, 627
ANTIBODIES
Ia-like antigens in the small intestinal mucosa of normal and celiac children, 405
Cytoplasmic islet cell antibodies in Type I diabetics in Israel and their first-degree relatives, 727
ANTI-INFLAMMATORY AGENTS
Reversible acute interstitial nephritis associated with indomethacin, 142
ANUS
Perianal tuberculosis, a case report, 468
Treatment of bleeding hemorrhoids by injection sclerotherapy and rubber band ligation, 569
ARABS
Tay-Sachs disease in an Arab child, 77
Iron-deficiency anemia among Jewish and Arab infants at 6 and 12 months of age in Hadera, Israel, 107
ARTERIAL LIGATION
Assessment of splenic function in dogs following arterial ligation and autotransplantation, 579
ARTHRITIS
Sternoclavicular arthritis and osteomyelitis due to *Pseudomonas aeruginosa*, not related to drug abuse, 458
Does milk intolerance affect seronegative arthritis in lactase-deficient women?, 532
ASCITES
Massive postoperative ascites: a presenting symptom of liver cirrhosis, 634
Refractory ascites treated by a peritoneovenous shunt in a patient with congestive heart failure, 853

ASTHMA
Exercise-induced asthma in schoolchildren. A pilot study in two Haifa districts, 40
Salivary composition in asthmatic children on theophylline, 460
Salivary theophylline: a reliable alternative to monitoring serum levels?, 462
Helper and suppressor T cell subsets in 138 asthmatic children undergoing different therapeutic trials, 698
ATOPY
*In vitro* synthesis of IgE in atopic and nonatopic individuals: the effect of pokeweed mitogen, *Shaphylococcus aureus*-derived mitogens, and cycloheximide, 425
ATROPINE
Effect of prophylactic atropine administration on electrocardiographic changes during percutaneous liver needle biopsy, 74
AUDITORY EVOKED POTENTIALS
Applications of auditory evoked potentials to evaluate hearing disorders: assets and limitations, 44
AUTOANXIETY AGENTS
Adjunctive antianxiety agents in the management of chronic pain, 113
AUXOTROPHY
Plasmid prophiles and auxotrophy of *Neisseria gonorrhoeae* from Israel, 69

BACTEREMIA
*Streptococcus viridans* vertebral osteomyelitis with bacteremia, 173
BARIUM ENEMA
Colonoscopic findings in patients with hemorrhoids, rectal bleeding and normal rectoscopy, 139
BEHÇET'S DISEASE
Behçet's disease: clinical and immunological response to immunosuppressive therapy. A case report, 57
BELL'S PALSY
Bilateral Bell's palsy due to *Mycoplasma pneumoniae* infection, 692
BETA-ADRENERGIC FUNCTION
The effect of age on $\beta$-adrenergic function in man: a review, 302
BETA-ENDORPHIN
Effect of clonidine on plasma $\beta$-endorphin, cortisol and growth hormone secretion in opiate-addicted subjects, 601
Comparison of the effect of insulin hypoglycemia and clonidine on secretion of growth hormone, cortisol and $\beta$-endorphin in children and adolescents, 912
BETA-LACTAMASE
Plasmid prophiles and auxotrophy of *Neisseria gonorrhoeae* from Israel, 69
BETA-THALASSEMIA
Folate status in $\beta$-thalassemia minor, 845
BILIARY SYSTEM
Adenomatous polyp of the common bile duct in familial polyposis coli, 701
Endoscopic Gruntzig balloon dilatation of benign strictures in the biliary system, 889

BIOAVAILABILITY
Bioavailability of phenytoin: comparison between three preparations, 323
Phenytoin bioavailability assessed by steady state serum concentrations, 327
BIOPSY
Effect of prophylactic atropine administration on electrocardiographic changes during percutaneous liver needle biopsy, 74
Chorion villi biopsy, 473
The decision to biopsy in prolonged neonatal jaundice: can decision analysis help?, 777
BLOOD
Blood level of $C_3$ complement component as an aid in the management of acute phase glomerulonephritis, 118
Plaque-forming cell response of human blood lymphocytes. III. Cellular basis of the reduced immune response in the elderly, 317
Amodiaquine-induced agranulocytosis: drug inhibition of myeloid colonies in the presence of patient's serum, 331
Increased platelet aggregation following splenectomy in patients with myeloproliferative disease, 415
Plasma fibronectin levels in various clinical conditions, 451
Salivary composition in asthmatic children on theophylline, 460
Nutritional status of a population assessed on the basis of a group of blood donors, 499
T-polyagglutination in Hodgkin's disease, 621
Hemostatic changes after saline infusion, 653
Progressive age-related decrease in regional cerebral blood flow in healthy subjects, 662
Blood zinc protoporphyrin levels in the children and wives of lead battery workers: a preliminary report, 761
Folate status in $\beta$-thalassemia minor, 845
Plasma lipoprotein pattern and decreased platelet function in Type V hyperlipoproteinemia, 898
BONE
Age-dependent decline in extracellular matrix-induced local bone differentiation, 312
Pulmonary ossification. Case report and review, 703
Changes in mineral content and biochemical bone markers at the menopause, 875
Prevalence of Paget's disease of bone in hospital patients in Jerusalem; an epidemiologic study, 954
BOTULISM
Botulism intoxication after surgery in the gut, 150
BRAIN
Experimental allergic encephalomyelitis: prevention by electrical lesion in the anterior hypothalamus in rats, 72
Progressive brain atrophy during normal aging in man: a quantitative computerized tomography study, 279
Temporal lobe meningioma masked by polymyalgia rheumatica, 441
Sonography of periventricular leukomalacia, 683
Prevalence of gestational and perinatal insults in brain-damaged children, 940

BURNS
Rapid growth of human epithelium in tissue culture, 464

CALCIUM
Urinary calcium/creatinine ratio following calcium deprivation and calcium loading in an Israeli population, 895

CAPTOPRIL
Comparison of low-dose captopril and propranolol as second-line drugs in mild and moderate hypertension, 737
Deterioration in renal function in patients with chronic renal failure after treatment with captopril, 892

CARCINOMA
Hepatocellular carcinoma in Israel: relationship to hepatitis B virus infection, 1
Torsades de pointes and carcinoma. A case report with a brief review of the causes of delayed repolarization arrhythmias, 79
Colonoscopic findings in patients with hemorrhoids, rectal bleeding and normal rectoscopy, 139
Unexplained episodes of fever: an early manifestation of colorectal carcinoma, 421
Trabecular carcinoma of the skin. A histopathological study of two cases, 688
Diagnostic accuracy of thyroid aspirative cytology in view of cumulative experience, 713
Fine needle aspiration of the thyroid. Five years' experience with 183 patients, 719
Papillary carcinoma and the solitary autonomously functioning nodule of the thyroid, 878

CARDIAC TAMPONADE
Incidence, etiology, diagnosis and treatment of cardiac tamponade in the Negev, 649

CAROTID SINUS SYNDROME
Carotid sinus syndrome: an overlooked cause of syncope, 430

CELIAC DISEASE
Ia-like antigens in the small intestinal mucosa of normal and celiac children, 405

CELLULITIS
Crepitant cellulitis due to *Enterobacter aerogenes*, 546

CEREBRAL BLOOD FLOW
Progressive age-related decrease in regional cerebral blood flow in healthy subjects, 662

CESAREAN SECTION
Anesthetic management of 646 consecutive cesarean section cases, 18

CHEMOTHERAPY
Recurrent episodes of non-A, non-B hepatitis reactivated by chemotherapy, 386

CHLORAL HYDRATE
Acute laryngeal edema due to chloral hydrate, 858

CHLORAMBUCIL®
Behçet's disease: clinical and immunological response to immunosuppressive therapy. A case report, 57
Effects of systemic administration of CHLORAMBUCIL® and topical application of CYCLOSPORIN A® on corneal graft survival in rabbits, 670

CHLORPROPAMIDE
Prevalence of chlorpropamide alcohol flush in Jewish Israeli diabetics. The role of serum chlorpropamide concentrations, 98

CHOLANGITIS
Sclerosing cholangitis associated with familial combined immunodeficiency in a 1-year-old infant, 391

CHORION VILLI
Chorion villi biopsy, 473

CIMETIDINE
Comparison of misoprostol and cimetidine in the treatment of duodenal ulcer, 102
Effect of cimetidine, ranitidine and omeprazole on hepatic flow of the artificially perfused rat liver, 765
Fat absorption and triglyceride synthesis and secretion by cultured human intestinal mucosa, 962
Comparison of misoprostol and cimetidine in the treatment of gastric ulcer, 968

COLCHICINE
Familial Mediterranean fever: no association of HLA with amyloidosis or cholchicine treatment response, 757

COLITIS, ULCERATIVE
Lymphocyte response to a bovine mild protein in ulcerative colitis, 575

COLON
Colonoscopic findings in patients with hemorrhoids, rectal bleeding and normal rectoscopy, 139
Unexplained episodes of fever: an early manifestation of colorectal carcinoma, 421
Inflammatory fibroid polyp of the cecum, associated with adenomatous polyp and ovarian thecoma, 624

COMBAT INJURY
Rehabilitation outcome of combat head injuries. Comparison of October 1973 War and Lebanon War, 1982, 957

COMMUNITY CLINICS
Childhood depression: an algorithm for the community clinic, 776

COMPLEMENT
Blood level of $C_3$ complement component as an aid in the management of acute phase glomerulonephritis, 118

COMPUTERIZED TOMOGRAPHY
Progressive brain atrophy during normal aging in man: a quantitative computerized tomography study, 279
Conservative treatment of spontaneous subcapsular hematoma, 847
Acute renal cortical necrosis as revealed by computerized tomography, 862

CONGENITAL MALFORMATIONS
A national monitoring system for congenital malformations in Israel, 731

CORAL INJURY
Coral injury. Case report of injury, late effect and therapy, 992

CORTISOL
Serum cortisol levels: the first 10 days in full-term and preterm infants, 170

Effect of clonidine on plasma β-endorphin, cortisol and growth hormone secretion, 601
Comparison of the effect of insulin hypoglycemia and clonidine on the secretion of growth hormone, cortisol and β-endorphin in children and adolescents, 912
COST
Comparative study of hosts and quality of life of chronic ambulatory peritoneal dialysis and hemodialysis patients in Israel, 335
CRYOGLOBULINS
X-ray findings of peripheral joints in essential cryoglobulinemia, 529
CYCLOHEXIMIDE
*In vitro* synthesis of IgE in atopic and nonatopic individuals: the effect of pokeweed mitogen, *Staphylococcus aureus*-derived mitogens, and cycloheximide, 425
CYCLOSPORIN A
Effects of systemic administration of CHLORAMBUCIL® and topical application of CYCLOSPORIN A® on corneal graft survival in rabbits, 670
CYSTINOSIS
Prenatal diagnosis of cystinosis upon exposure of amniotic cells to cystine dimethyl ester, 537

DANAZOL
Use of danazol in the management of chronic idiopathic thrombocytopenic purpura, 418
DECISION-MAKING, MEDICAL
Difficulties in teaching decision analysis to undergraduate medical students, 774
Hypoglycemia in the pediatric patient: a diagnostic approach, 776
Childhood depression: an algorithm for the community clinic, 776
The decision to biopsy in prolonged neonatal jaundice: can decision analysis help?, 777
Clinical applications of medical decision-making methods, 779
Teaching decision analysis, 785
DEMENTIA
Comparison of verbal and nonverbal memory in elderly normal subjects and dementia patients, 283
Senile dementia and motor neuron disease: a lesson in coping, 767
DERMATOGLYPHICS
Prevalence of gestational and perinatal insults in brain-damaged children, 940
DERMATOMYOSITIS
Dermatomyositis and Hodgkin's disease. Case report and review of the literature, 988
DIABETES
Prevalence of chlorpropamide alcohol flush in Jewish Israeli diabetic patients. The role of serum chlorpropamide concentrations, 98
Stressful events and the onset of diabetes mellitus, 356
Effects of glucose and serum from streptozotocin-diabetic and nondiabetic rats on the *in vitro* development of preimplantation mouse embryos, 359
Hyperchloremic acidosis during the recovery phase from diabetic ketoacidosis, 470
Hypoglycemic and life-prolonging properties of *Gymnema sylvestre* leaf extract in diabetic rats, 540
Glucose tolerance test in Israeli pregnant women, 639
Diabetes insipidus in pregnancy, 695
Increased insulin responsiveness and insulin clearance in thyrotoxicosis, 722
Cytoplasmic islet cell antibodies in Type I diabetics in Israel and their first-degree relatives, 727
Neuroendocrine study of a male infant with septo-optic dysplasia, 745
Nutrition of the sand rat (*Psammomys obesus*) in relation to reproduction and diabetes, 769
Comparison of metabolic and psychological parameters during continuous subcutaneous insulin infusion and intensified conventional insulin treatment in Type I diabetic patients, 822
Relative potencies of human and pork insulin during i.v. and oral glucose tolerance test in lean and obese persons, 905
DIAGNOSIS
Diagnostic accuracy of thyroid aspirative cytology in view of cumulative experience, 713
Hypoglycemia in the pediatric patient: a diagnostic approach, 776
DIALYSIS
Comparative study of the costs and quality of life of chronic ambulatory peritoneal dialysis and hemodialysis patients in Israel, 335
Acute renal cortical necrosis as revealed by computerized tomography, 862
Intestinal incarceration in occult abdominal wall herniae in continuous ambulatory peritoneal dialysis, 985
DIAMINE OXIDASE
Excretion of polyamines by humans following inhibition of diamine oxidase, 543
DIAPHRAGM
Rupture of splenic abscess through the diaphragm, 370
DIGOXIN
Digoxin treatment and control in the elderly, 276
Gentamicin–digoxin interaction in the rat kidney, 535
DIHYDROBIOPTERIN
Malignant phenylketonuria due to defective synthesis of dihydrobiopterin, 520
DOCTORS' STRIKE
Perinatal outcome following physicians' strike of 1983, 804
Letter to the editor, 1007
DOGS
Assessment of splenic function in dogs following arterial ligation and autotransplantation, 579
DRUG ABUSE
Sternoclavicular arthritis and osteomyelitis due to *Pseudomonas aeruginosa*, not related to drug abuse, 458
Effect of clonidine on plasma β-endorphin, cortisol and growth hormone secretion in opiate-addicted subjects, 601

DUODENAL ULCER
Comparison of misoprostol and cimetidine in the treatment of duodenal ulcer, 102

EDEMA
Acute laryngeal edema due to chloral hydrate, 858
ELECTROCARDIOGRAPHY
Effect of prophylactic atropine administration on electrocardiographic changes during percutaneous liver needle biopsy, 74
ELECTROENCEPHALOGRAPHY
Interictal electroencephalography in night terrors and somnambulism, 22
EMBRYOLOGY
Lymphoid cells and granulocyte progenitors in early human fetal livers: immunological parameters and *in vitro* cellular interactions, 12
Effects of glucose and serum from streptozotocin-diabetic and nondiabetic rats on the *in vitro* development of preimplantation mouse embryos, 359
Proteolytic activity in the placenta, decidua and postimplantation embryos of the rat, 394
EMPYEMA
Rupture of splenic abscess through the diagphragm, 370
ENCEPHALOMYELITIS
Experimental allergic encephalomyelitis: prevention by electrical lesion in the anterior hypothalamus in rats, 72
Treatment of experimental allergic encephalomyelitis in rabbits with $\alpha$-fetoprotein, 945
ENDOSCOPY
Endoscopic reduction of acute gastric volvulus complicating motor neuron disease, 552
Accuracy of endoscopy in the diagnosis of inflamed gastric and duodenal mucosa, 564
Management of bleeding esophageal varices by repeated endoscopic injection sclerotherapy—4 years' experience, 572
Endoscopic Gruntzig balloon dilation of benign strictures in the biliary system, 889
Endoscopic treatment of suture line bleeding ulcer caused by nonabsorbable suture material in postvagotomy patients, 982
*ENTEROBACTER AEROGENES*
Crepitant cellulitis due to *Enterobacter aerogenes*, 546
EPIDEMIOLOGY
Epidemiological study of oral health among the elderly of Baka, a Jerusalem neighborhood, 270
Increasing frequency of penicillin-resistant pneumococci: epidemiological aspects and case–control study, 340
Prevalence of low genital tract infection in young Israeli women, 346
A measles outbreak in the Israel Defense Forces during the 1982 epidemic, 351
Incidence of pyloric stenosis in northern Israel, 551
Treadmill exercise testing in a middle-aged Jerusalem population sample. The Jerusalem Lipid Research Clinic Prevalence Study, 594
Epidemiology of heart disease in old age, 928
Prevalence of Paget's disease of bone in hospital patients in Jerusalem; an epidemiologic study, 954
EPIDURAL NARCOTICS
Delayed respiratory depression following extradural injection of morphine, 855
EPILEPSY
Bioavailability of phenytoin: comparison between three preparations, 323
Phenytoin bioavailability assessed by steady state serum concentrations, 327
ERYTHEMA MULTIFORME
Erythema multiforme and splenomegaly: an unusual presentation of *Mycoplasma pneumoniae* infection, 629
ERYTHEMA NODOSUM
Erythema nodosum related to propylthiouracil treatment for thyrotoxicosis, 62
ERYTHROCYTE $Na^+$-$K^+$ COTRANSPORT
Erythrocyte $Na^+$-$K^+$ cotransport in elderly hypertensive subjects, 314
*ESCHERICHIA COLI*
*Escherichia coli* adherence to the intestine of mice, 410
ESOPHAGUS
Management of bleeding esophageal varices by repeated endoscopic injection sclerotherapy—4 years' experience, 572
ETHNICITY
Ethnic differences in selected cardiovascular disease risk factors in Israeli workers, 808
EXERCISE TEST
Treadmill exercise testing in a middle-aged Jerusalem population sample. The Jerusalem Lipid Research Clinic Prevalence Study, 584
EXSTROPHY
Accessory urethral channel, 146
EYE
Graves' ophthalmopathy, ocular myasthenia gravis and Hashimoto's thyroiditis, 377
Cryptophthalmos syndrome, 636
Effects of systemic administration of CHLORAMBUCIL® and topical application of CYCLOSPORIN A® on corneal graft survival in rabbits, 670
Neuroendocrine study of a male infant with septo-optic dysplasia, 745

FAMILIAL MEDITERRANEAN FEVER
Henoch-Schönlein purpura and familial Mediterranean fever, 83
Familial Mediterranean fever: no association of HLA with amyloidosis or colchicine treatment response, 757
C3, BF and C4 polymorphisms in familial Mediterranean fever, 883
FAMILIAL POLYPOSIS COLI
Adenomatous polyp of the common bile duct in familial polyposis coli, 701
FASTING
Excretion of 3-methylhistidine in nonobese fasting subjects, 817

FATS
Fat absorption and triglyceride synthesis and secretion by cultured human intestinal mucosa, 962
FEVER OF UNKNOWN ORIGIN
Unexplained episodes of fever: an early manifestation of colorectal carcinoma, 421
Angiomyolipoma presenting as fever of unknown origin, 860
Occult infection in the facial area presenting as fever of unknown origin, 995
FIBRONECTIN
Plasma fibronectin levels in various clinical conditions, 451
FINE NEEDLE ASPIRATION
Fine needle aspiration of the thyroid. Five years' experience with 183 patients, 719
Diagnostic accuracy of thyroid aspirative cytology in view of cumulative experience, 713
Papillary carcinoma and the solitary autonomously functioning nodule of the thyroid, 878
FISTULA
Spontaneous fistulization of a pancreatic abscess into the stomach, 548
FOLIC ACID
Folate status in β-thalassemia major, 845
FUROSEMIDE
Effect of furosemide on urinary excretion of 4-hydroxy-3-methoxymandelic acid, 742

GARDNER'S SYNDROME
Spectrum of extracolonic gastrointestinal tract involvement in Gardner's syndrome, 973
GAS GANGRENE
Crepitant cellulitis due to *Enterobacter aerogenes*, 546
GASTROINTESTINAL TRACT
Spectrum of extracolonic gastrointestinal tract involvement in Gardner's syndrome, 973
GAUCHER'S DISEASE
Preservation of the spleen in children, 922
GENETICS
Tay-Sachs disease in an Arab child, 77
Increased chromosomal aberrations in first metaphases of cells isolated from the kidneys of aged mice, 296
C3, BF and C4 polymorphisms in familial Mediterranean fever, 883
Human growth hormone gene deletion without antibody formation or growth arrest during treatment—a new disease entity?, 999
GENITAL TRACT
Prevalence of low genital tract infectious agents in young Israeli women, 346
GENTAMICIN
Gentamicin-digoxin interaction in the rat kidney, 535
GERIATRICS
Geriatrics—policy issues and models of care in Israel, 203
Ten years' experience teaching geriatric medicine, 249
Senile dementia and motor neuron disease: a lesson in coping, 767
Pulmonary resections in patients over 70 years of age, 833
GERONTOLOGY
Aging: a new public health challenge, 195
The graying of Israel—implicatons for health and the need for services, 197
Geriatrics—policy issues and models of care in Israel, 203
Changing characteristics of the Israeli population and the utilization of health care services, 205
Role of institutional and community services in meeting the long-term care needs of the elderly in Israel: the decade of the 1980s, 212
Aged Jewish patients in general hospitals in Israel—past, present and a look into the future, 219
Balance of care in services to the elderly in Israel, 230
Standards for long-term care facilities in Israel, 238
Recommendations for the formulation of the Nursing Care Insurance Law, 244
Ten years' experience teaching geriatric medicine, 249
Reported health of the elderly: the Kiryat Ono census, 254
Nutritional status of the institutionalized elderly, 260
Ambulatory care of the aged in Kupat Holim clinics, 264
Epidemiological study of oral health among the elderly of Baka, a Jerusalem neighborhood, 270
Digoxin treatment and control in the elderly, 276
Progressive brain atrophy during normal aging in man: a quantitative computerized tomography study, 279
Comparison of verbal and nonverbal memory in elderly normal subjects and dementia patients, 283
The Great Incontinence Roadshow, 288
Preleukemic syndrome in elderly patients—report of 11 cases, 292
Increased chromosomal aberrations in first metaphases of cells isolated from the kidneys of aged mice, 296
The effect of age on β-adrenergic function in man: a review, 302
Age-dependent decline in extracellular matrix-induced local bone differentiation, 312
Erythrocyte $Na^+$–$K^+$ cotransport in elderly hypertensive subjects, 314
Plaque-forming cell response of human blood lymphocytes. III. Cellular basis of the reduced immune response in the elderly, 317
*Shigella* septicemia in elderly patients, 631
Progressive age-related decrease in regional cerebral blood flow in healthy subjects, 662
Epidemiology of heart disease in old age, 928
GLUCOSE TOLERANCE TEST
Glucose tolerance test in Israeli pregnant women, 639
Relative potencies of human and pork insulin during i.v. and oral glucose tolerance test in lean and obese persons, 905
GOLD THERAPY
Immunoblastic lymphoma and thymic epithelial hyperplasia in angioimmunoblastic lymphadenopathy following gold therapy, 381

Gold-induced granulomatous hepatitis, 753
GRANULOCYTES
Lymphoid cells and granulocyte progenitors in early human fetal livers: immunological parameters and *in vitro* cellular interactions, 12
GROWTH HORMONE
Effect of clonidine on plasma β-endorphin, cortisol and growth hormone secretion in opiate-addicted subjects, 601
Comparison of the effect of insulin hypoglycemia and clonidine on secretion of growth hormone, cortisol and β-endorphin in children and adolescents, 912
Human growth hormone gene deletion without antibody formation or growth arrest during treatment—a new disease entity? 999
GROWTH RETARDATION
Vascular-induced intrauterine growth retardation: relations between birth weight and the development of biochemical parameters in young rabbits, 829
GYNECOLOGY
Transperitoneal migration and ovum capture in rabbits, 514
Inflammatory fibroid polyp of the cecum, associated with adenomatous polyp and ovarian thecoma, 624
Perinatal outcome following physicians' strike of 1983, 804

HEADACHE
Temporal lobe meningioma masked by polymyalgia rheumatica, 441
HEALTH PLANNING
The graying of Israel—implications for health and the need for services, 197
Geriatrics—policy issues and models of care in Israel, 203
Changing characteristics of the Israeli population and the utilization of health care services, 205
Role of institutional and community services in meeting the long-term care needs of the elderly in Israel: the decade of the 1980s, 212
Aged Jewish patients in general hospitals in Israel—past present and a look into the future, 219
Balance of care in services to the elderly in Israel, 230
Standards for long-term care facilities in Israel, 238
Behavioral risk factors in adolescence as a basis for health planning, 595
HEALTH SERVICES
The graying of Israel—implications for health and the need for services, 197
Geriatrics—policy issues and models of care in Israel, 203
Changing characteristics of the Israeli population and the utilization of health care services, 205
Role of institutional and community services in meeting the long-term care needs of the elderly in Israel: the decade of the 1980s, 212
Balance of care in services to the elderly in Israel, 230
Standards for long-term care facilities in Israel, 238
Ambulatory care of the aged in Kupat Holim clinics, 264
HEARING
Applications of auditory evoked potentials to evaluate hearing disorders: assets and limitations, 44
HEART
Torsade de pointes and carcinoma. A case report with a brief review of the causes of delayed repolarization arrhythmias, 79
Effect of prophylactic atropine administration on electrocardiographic changes during percutaneous liver needle biopsy, 74
Carotid sinus syndrome: an overlooked cause of syncope, 430
Rheumatic carditis presenting as acute myocardial infarction, 445
Echocardiographic findings of mitral and tricuspid valve prolapse in primary pulmonary hypertension, 504
Local anesthesia in carotid endarterectomy: an alternative method, 511
Pheochromocytoma of the organ of Zuckerkandl presenting as shock, 517
Mitral valve prolapse. Quantitative analysis and long-term follow-up, 644
Incidence, etiology, diagnosis and treatment of cardiac tamponade in the Negev, 649
High-output cardiac failure as a presenting symptom of plasma cell leukemia, 679
Ethnic differences in selected cardiovascular disease risk factors in Israeli workers, 808
Refractory ascites treated by a peritoneovenous shunt in a patient with congestive heart failure, 853
Epidemiology of heart disease in old age, 928
HEMOGLOBIN
Spuriously high automatically measured hemoglobin values in hypertriglyceridemia, 389
HEMORRHOIDS
Treatment of bleeding hemorhoids by injection sclerotherapy and rubber band ligation, 569
HENOCH-SCHONLEIN PURPURA
Henoch-Schönlein purpura and familial Mediterranean fever, 83
HEPATITIS
Recurent episodes of non-A, non-B hepatitis reactived by chemotherapy, 386
HEPATITIS B VIRUS
Hepatocellular carcinoma in Israel: relationship to hepatitis B virus infection, 1
Recurrent episodes of non-A, non-B hepatitis reactived by chemotherapy, 386
HERBAL EXTRACT
Hypoglycemic and life-prolonging properties of *Gymnema sylvestre* leaf extract in diabetic rats, 540
HERNIA
Intestinal incarceration in occult abdominal wall herniae in continuous ambulatory peritoneal dialysis, 985
HERPESVIRUS
Intravenous acyclovir for herpesvirus in immunocompromised patients, 27

HLA SYSTEM
Is common variable hypogammaglobulinemia linked to HLA? A family study, 886
Familial Mediterranean fever: no association of HLA with amyloidosis or colchicine treatment response, 757
HODGKIN'S DISEASE
T-polyagglutination in Hodgkin's disease, 621
Dermatomyositis and Hodgkin's disease. Case report and review of the literature, 988
HOME CARE
Senile dementia and motor neuron disease: a lesson in coping, 767
HOSPITALIZATION
Aged Jewish patients in general hospitals in Israel—past, present and a look into the future, 219
*Pseudomonas aeruginosa* isolates from different medical institutions, 798
Perinatal outcome following physicians' strike of 1983, 804
Syncope: a retrospective study of 101 hospitalized patients, 950
Prevalence of Paget's disease of bone in hospital patients in Jerusalem: an epidemiologic study, 954
Letter to the editor, 1007
HYPERLIPOPROTEINEMIA
Plasma lipoprotein pattern and decreased platelet function in Type V hyperlipoproteinemia, 898
HYPERTENSION
Erythrocyte $Na^+$-$K^+$ cotransport in elderly hypertensive subjects, 314
Symptomatic renal artery stenosis superimposed on chronic glomerulonephritis, 366
Echocardiographic findings of mitral and tricuspid valve prolapse in primary pulmonary hypertension, 504
Comparison of low-dose captopril and propranolol as second-line drugs in mild and moderate hypertension, 737
HYPOGAMMAGLOBULINEMIA
Abnormality of immunoregulatory T-lymphocytes in hypogammaglobulinemia, 167
Is common variable hypogammaglobulinemia linked to HLA? A family study, 886
HYPOGLYCEMIA
Hypoglycemia in the pediatric patient: a diagnostic approach, 776
Comparison of the effect of insulin hypoglycemia and clonidine on secretion of growth hormone, cortisol and $\beta$-endorphin in children and adolescents, 912

ILEITIS
Terminal ileitis in a patient with systemic lupus erythematosus, 67
IMIDAZOLE
Topical treatment with imidazole for cutaneous leishmaniasis, 163
IMMUNOGLOBULIN
*In vitro* synthesis of IgE in atopic and nonatopic individuals: the effect of pokeweed mitogen, *Staphylococcus aureus*-derived mitogens, and cycloheximide, 425
Salivary composition in asthmatic children on theophylline, 460
Is common variable hypogammaglobulinemia linked to HLA? a family study, 886
IMMUNOLOGY
Hepatocellular carcinoma in Israel: relationship to hepatitis B virus infection, 1
Segregation of peripheral blood lymphocytes in sarcoidosis according to their affinity to insolubilized histamine, 6
Lymphoid cells and granulocyte progenitors in early human fetal livers: immunological parameters and *in vitro* cellular interactions, 12
Intravenous acyclovir for herpesvirus in immunocompromised patients, 27
Behçet's disease: clinical and immunological response to immunosuppressive therapy. A case report, 57
Experimental allergic encephalomyelitis: prevention by electrical lesion in the anterior hypothalamus in rats, 72
Henoch-Schönlein purpura and familial Mediterranean fever, 83
Abnormality of immunoregulatory T-lymphocytes in hypogammaglobulinemia, 167
Plaque-forming cell response of human blood lymphocytes. III. Cellular basis of the reduced immune response in the elderly, 317
Immunoblastic lymphoma and thymic epithelial hyperplasia in angioimmunoblastic lymphadenopathy following gold therapy, 381
Sclerosing cholangitis associated with familial combined immunodeficiency in a 1-year-old infant, 391
Ia-like antigens in the small intestinal mucosa of normal and celiac children, 405
Severe pulmonary nocardiosis in a kidney allograft recipient with a low immunological response, 613
Production of colony-stimulating activity (CSA) by T-chronic lymphocytic leukemia cells, 656
Rubella immunity measured by hemagglutination inhibition and enzyme-linked immunosorbent assay, 666
Helper and suppressor T cell subsets in 138 asthmatic children undergoing different therapeutic trials, 698
Familial Mediterranean fever: no association of HLA with amyloidosis or colchicine treatment response, 757
Letter to the editor, 864
IMMUNOPEROXIDASE TECHNIQUE
Diagnostic use of the immunoperoxidase technique for cutaneous plasma cell lesions, 675
INCONTINENCE
The Great Incontinence Roadshow, 288
INDOMETHACIN
Reversible acute interstitial nephritis associated with indomethacin, 142

INDUSTRIAL MEDICINE
Legionellosis—an occupational hazard?, 759
Blood zinc protoporphyrin levels in the children and wives of lead battery workers: a preliminary report, 761
Ethnic differences in selected cardiovascular disease risk factors in Israeli workers, 808
Motor neuron disease in textile factory workers, 924
INFANTS
Iron deficiency anemia among Jewish and Arab infants at 6 and 12 months of age in Hadera, Israel, 107
Association of infant mortality with lack of regular prenatal care in the Haifa subdistrict, 1980, 123
Serum cortisol levels: the first 10 days in full-term and preterm infants, 170
Sclerosing cholangitis associated with familial combined immunodeficiency in a 1-year-old infant, 391
Newborn with multiple joint contractures due to maternal bicornuate uterus, 454
Screening for neonatal hypothyroidism in Israel during a 4-year period, 485
Malignant phenylketonuria due to defective synthesis of dihydrobiopterin, 520
Sonography of periventricular leukomalacia, 683
A national monitoring system for congenital malformations in Israel, 731
Neuroendocrine study of a male infant with septo-optic dysplasia, 745
The decision to biopsy in prolonged neonatal jaundice: can decision analysis help?, 777
Perinatal outcome following physician's strike of 1983, 804
How stressful is phototherapy to infants?, 926
INFECTION
Hepatocellular carcinoma in Israel: relationship to hepatitis B virus infection, 1
Intravenous acyclovir for herpesvirus in immunocompromised patients, 27
Subclinical rubella in pregnancy—occurrence and outcome, 133
Prevalence of low genital tract infectious agents in young Israeli women, 346
Septicemia with two distinct strains of *Staphylococcus aureus* and Dwarf variants of both, 434
Severe pulmonary nocardiosis in a kidney allograft recipient with a low immunological response, 613
Changing resistance of uropathogens to antibiotics, 627
Erythema multiforme and splenomegaly: an unusual presentation of *Mycoplasma pneumoniae* infection, 629
*Shigella* septicemia in elderly patients, 631
Bilateral Bell's palsy due to *Mycoplasma pneumoniae* infection, 692
Infections in renal transplant recipients in Israel, 791
Occult infection in the facial area presenting as fever of unknown origin, 995
INSULIN
Increased insulin responsiveness and insulin clearance in thyrotoxicosis, 722
Comparison of metabolic and psychological parameters during continuous subcutaneous insulin infusion and intensified conventional insulin treatment in Type I diabetic patients, 822
Relative potencies of human and pork insulin during i.v. and oral glucose tolerance test in lean and obese persons, 905
Comparison of the effect of insulin hypoglycemia and clonidine on secretion of growth hormone, cortisol and $\beta$-endorphin in children and adolescents, 912
INTERFERON
Rapid improvement in a terminal case of hairy cell leukemia treated with a new human recombinant interferon, IFN-$\alpha$-C, 977
INTESTINES
Ia-like antigens in the small intestinal mucosa of normal and celiac children, 405
*Escherichia coli* adherence to the intestine of mice, 410
Intestinal neurofibromatosis. Multiple complications in a single case, 750
Fat absorption and triglyceride synthesis and secretion by cultured human intestinal mucosa, 962
Intestinal incarceration in occult abdominal wall herniae in continuous ambulatory peritoneal dialysis, 985
IODINE
Letter to the editor. Role of iodine in delayed immune response, 864
ISRAEL
Hepatocellular carcinoma in Israel: relationship to hepatitis B virus infection, 1
Lactose malabsorption in Israeli children, 32
Plasmid prophiles and auxotrophy of *Neisseria gonnorhoeae* from Israel, 69
Prevalence of chlorpropamide alcohol flush in Jewish Israeli diabetics. The role of serum chlorpropamide concentrations, 98
Geriatrics—policy issues and models of care in Israel, 203
Changing characteristics of the Israeli population and the utilization of health care services, 205
Role of institutional and community services in meeting the long-term care needs of the elderly in Israel: the decade of the 1980s, 212
Aged Jewish patients in general hospitals in Israel—past, present and a look into the future, 219
Balance of care in services to the elderly in Israel, 230
Standards for long-term care facilities in Israel, 238
Recommendations for the formulation of the Nursing Care Insurance Law, 244
Comparative study of the costs and quality of life of chronic ambulatory peritoneal dialysis and hemodialysis patients in Israel, 335
Prevalence of low genital tract infectious agents in young Israeli women, 346
A measles outbreak in the Israel Defense Forces during the 1982 epidemic, 351
Cutaneous leishmaniasis due to *Leishmania brazilliensis*

in an Israeli tourist. The importance of accurate diagnosis and appropriate therapy, 456
Screening for neonatal hypothyroidism in Israel during a 4-year period, 485
Pediatric traumatic spinal cord injuries in Israel, 526
Incidence of pyloric stenosis in northern Israel, 551
Glucose tolerance test in Israeli pregnant women, 639
Cytoplasmic islet cell antibodies in Type I diabetics in Israel and their first-degree relatives, 727
A national monitoring system for congenital malformations in Israel, 731
Infections in renal transplant recipients in Israel, 791
Ethnic differences in selected cardiovascular disease risk factors in Israeli workers, 808
Spatial and temporal changes in the distribution of *Anopheles sacharovi* in Israel, 850
Urinary calcium/creatinine ratio following calcium deprivation and calcium loading in an Israeli population, 895
Rehabilitation outcome of combat head injuries. Comparison of October 1973 War and Lebanon War, 1982, 957

HADERA
Iron deficiency anemia among Jewish and Arab infants at 6 and 12 months of age in Hadera, Israel, 107

HAIFA
Exercise-induced asthma in schoolchildren. A pilot study in two Haifa districts, 40
Association of infant mortality with lack of regular prenatal care in the Haifa subdistrict, 1980, 123

JERUSALEM
Paracetamol overdosage in Jerusalem, 36
Epidemiological study of oral health among the elderly of Baka, a Jerusalem neighborhood, 270
Treadmill exercise testing in a middle-aged Jerusalem population sample. The Jerusalem Lipid Research Clinic Prevalence Study, 584
Prevalence of Paget's disease of bone in hospital patients in Jerusalem: an epidemiologic study, 954

KIRYAT ONO
Reported health of the elderly: the Kiryat Ono census, 253

NEGEV
Incidence, etiology, diagnosis and treatment of cardiac tamponade in the Negev, 649

JEWS
Iron deficiency anemia among Jewish and Arab infants at 6 and 12 months of age in Hadera, Israel, 107
Aged Jewish patients in general hospitals in Israel—past, present and a look into the future, 219
C3, BF and C4 polymorphisms in familial Mediterranean fever, 883

JOINTS
Newborn with multiple joint contracture due to maternal bicornuate uterus, 454

KETOCONAZOLE
Cutaneous leishmaniasis due to *Leishmania braziliensis* in an Israeli tourist, The importance of accurate diagnosis and appropriate therapy, 456

KIDNEY
Anorexia nervosa, laxative abuse, hypopotassemia and distal renal tubular acidosis, 50
Blood level of $C_3$ complement component as an aid in the management of acute phase glomerulonephritis, 118
Reversible acute interstitial nephritis associated with indomethacin, 142
Conservative approach in treating renal carbuncle, 157
Increased chromosomal aberrations in first metaphases of cells isolated from the kidney of aged mice, 296
Comparative study of the costs and quality of life of chronic ambulatory peritoneal dialysis and hemodialysis patients in Israel, 335
Symptomatic renal artery stenosis superimposed on chronic glomerulonephritis, 366
Gentamicin–digoxin interaction in the rat kidney, 535
Severe pulmonary nocardiosis in a kidney allograft recipient with a low immunological response, 613
Cryptophthalmos syndrome, 636
Infections in renal transplant recipients in Israel, 791
Conservative treatment of spontaneous subcapsular hematoma, 847
Acute renal cortical necrosis as revealed by computerized tomography, 862
Deterioration in renal function in patients with chronic renal failure after treatment with captopril, 892
Rejection-related nephrotic syndrome associated with massive antiglomerular and antitubular basement membrane deposits, 915
Proteinuria and chronic renal failure associated with unilateral renal agenesis, 919

LAXATIVE ABUSE
Anorexia nervosa, laxative abuse, hypopotassemia and distal renal tubular acidosis, 50

LEGIONNAIRES' DISEASE
Legionnaires' Disease: new etiologic agents, 617
Legionellosis—an occupational hazard?, 759

LEISHMANIASIS
Cutaneous leishmaniasis due to *Leishmania braziliensis* in an Israeli tourist, 456

LEUKEMIA
Sweet's syndrome: a presenting sign of acute myelogenous leukemia, 64
Preleukemic syndrome in elderly patients—report of 11 cases, 292
Recurrent episodes of non-A, non-B hepatitis reactivated by chemotherapy, 386
Increased platelet aggregation following splenectomy in patients with myeloproliferative disease, 415
Multivariate analysis of prognostic factors in chronic lymphocytic leukemia, 490

Production of colony-stimulating activity (CSA) by T-chronic lymphocytic leukemia cells, 656
High-output cardiac failure as a presenting symptom of plasma cell leukemia, 679
Rapid improvement in a terminal case of hairy cell leukemia treated with a new human recombinant interferon, IFN-α-C, 977

LIVER
Hepatocellular carcinoma in Israel: relationship to hepatitis B virus infection, 1
Lymphoid cells and granulocyte progenitors in early human fetal livers: immunological parameters and *in vitro* cellular interactions, 12
Massive postoperative ascites: a presenting symptom of liver cirrhosis, 634
Gold-induced granulomatous hepatitis, 753
Effect of cimetidine, ranitidine and omeprazole on hepatic flow of the artificially perfused rat liver, 765

LONG-TERM CARE FACILITIES
Standards for long-term care facilities in Israel, 238
Nutritional status of the institutionalized elderly, 260

LUNGS
Severe pulmonary nocardiosis in a kidney allograft recipient with a low immunological response, 613
Pulmonary ossification. Case report and overview, 703
Pulmonary resections in patients over 70 years of age, 833

LYMPH
Immunoblastic lymphoma and thymic epithelial hyperplasia in angioimmunoblastic lymphadenopathy following gold therapy, 381

LYMPHOCYTES
Lymphocyte response to a bovine milk protein in ulcerative colitis, 575
Production of colony-stimulating activity (CSA) by T-chronic lymphocytic leukemia cells, 656
Helper and suppressor T cell subsets in 138 children undergoing different therapeutic trials, 698

MALARIA
Spatial and temporal changes in the distribution of *Anopheles sacharovi* in Israel, 850

MEASLES
A measles outbreak in the Israel Defense Forces during the 1982 epidemic, 351

MEDICAL EDUCATION
Ten years' experience teaching geriatric medicine, 249
The Moshe Prywes Lecture in Medical Education. Medical education—the search for international eminence and local relevance, 557
Difficulties in teaching decision analysis to undergraduate medical students, 774

MEDICATIONS
Reported health of the elderly: the Kiryat Ono census, 254

MEMORY
Comparison of verbal and nonverbal memory in elderly normal subjects and dementia patients, 283

MENINGIOMA
Temporal lobe meningioma masked by polymyalgia rheumatica, 441

MENOPAUSE
Changes in mineral content and biochemical bone markers at the menopause, 875

MICE
Increased chromosomal aberrations in first metaphases of cells isolated from the kidneys of aged mice, 296
Effects of glucose and serum from streptozotocin-diabetic and nondiabetic rats in the *in vitro* development of preimplantation mouse embryos, 359
*Escherichia coli* adherence to the intestine of mice, 410

MILITARY MEDICINE
A measles outbreak in the Israel Defense Forces during the 1982 epidemic, 351
Rehabilitation outcome of combat head injuries. Comparison of October 1973 War and Lebanon War, 1982, 957

MILK
Lactose malabsorption in Israeli children, 32
Does milk intolerance affect seronegative arthritis in lactase-deficient women?, 532
Lymphocyte response to a bovine milk protein in ulcerative colitis, 575

MISOPROSTOL
Comparison of misoprostol and cimetidine in the treatment of duodenal ulcer, 102
Comparison of misoprostol and cimetidine in the treatment of gastric ulcer, 968

MITOGEN
*In vitro* synthesis of IgE in atopic and nonatopic individuals: the effect of pokeweed mitogen, *Staphylococcus aureus*-derived mitogens, and cycloheximide, 425

MITRAL VALVE PROLAPSE
Mitral valve prolapse. Quantitative analysis and long-term follow-up, 644

MONITORING
A national monitoring system for congenital malformations in Israel, 731

MORPHINE
Delayed respiratory depression following extradural injection of morphine, 855

MORTALITY
Association of infant mortality with lack of regular prenatal care in the Haifa subdistrict, 1980, 123
Perinatal outcome following physicians' strike in 1983, 804

MOTOR NEURON DISEASE
Endoscopic reduction of acute gastric volvulus complicating motor neuron disease, 552
Motor neuron disease in textile factory workers, 924

*MYCOPLASMA PNEUMONIAE*
Erythema multiforme and splenomegaly: an unusual presentation of *Mycoplasma pneumoniae* infection, 629
Bilateral Bell's palsy due to *Mycoplasma pneumoniae* infection, 692

MYELOPROLIFERATIVE DISEASE
Increased platelet aggregation following splenectomy in patients with myeloproliferative disease, 415

NECROTIZING FASCIITIS
Necrotizing fasciitis: early awareness and principles of treatment, 127
*NEISSERIA GONORRHOEAE*
Plasmid prophiles and auxotrophy of *Neisseria gonorrhoeae* from Israel, 69
NEPHROTIC SYNDROME
Rejection-related nephrotic syndrome associated with massive antiglomerular and antitubular basement membrane deposits, 915
NEUROENDOCRINOLOGY
Neuroendocrine study of a male infant with septo-optic dysplasia, 745
NEUROFIBROMATOSIS
Intestinal neurofibromatosis. Multiple complications in a single case, 750
NIGHT TERRORS
Interictal electroencephalography in night terrors and somnambulism, 22
*NOCARDIA*
Severe pulmonary nocardiosis in a kidney allograft recipient with a low immunological response, 613
NURSING CARE INSURANCE LAW
Recommendations for the formulation of the Nursing Care Insurance Law, 244
NUTRITION
Nutritional status of the institutionalized elderly, 260
Nutritional status of a population assessed on the basis of a group of blood donors, 499
Nutrition of the sand rat (*Psammomys obesus*) in relation to reproduction and diabetes, 769

OBESITY
Relative potencies of human and pork insulin during i.v. and oral glucose tolerance test in lean and obese persons, 905
OMEPRAZOLE
Effect of cimetidine, ranitidine and omeprazole on hepatic flow of the artificially perfused rat liver, 765
ORAL HEALTH
Epidemiological study of oral health among the elderly of Baka, a Jerusalem neighborhood, 270
ORGAN CULTURE
Fat absorption and triglyceride synthesis and secretion by cultured human intestinal mucosa, 962
OSTEOMYELITIS
Sternoclavicular arthritis and osteomyelitis due to *Pseudomonas aeruginosa*, not related to drug abuse, 458
OSTEOPOROSIS
Age-dependent decline in extracellular matrix-induced local bone differentiation, 312

PAGET'S DISEASE
Prevalence of Paget's disease of bone in hospital patients in Jerusalem: an epidemiologic study, 954
PAIN, CHRONIC
Adjunctive antianxiety agents in the management of chronic pain, 113
PANCREAS
Spontaneous fistulization of a pancreatic abscess into the stomach, 548
PARACETAMOL
Paracetamol overdosage in Jerusalem, 36
*PASTEURELLA HEMOLYTICA*
Septic shock due to *Pasteurella hemolytica*, 397
PEDIATRICS
Lactose malabsorption in Israeli children, 32
Exercise-induced asthma in schoolchildren. A pilot study in two Haifa districts, 40
Salivary composition in asthmatic children on theophylline, 460
Pediatric traumatic spinal cord injuries in Israel, 526
Helper and suppressor T cell subsets in 138 asthmatic children undergoing different therapeutic trials, 698
Hypoglycemia in the pediatric patient: a diagnostic approach, 776
Childhood depression: an algorithm for the community clinic, 776
Acute laryngeal edema due to chloral hydrate, 858
Comparison of the effect of insulin hypoglycemia and clonidine on secretion of growth hormone, cortisol and $\beta$-endorphin in children and adolescents, 912
Preservation of the spleen in children, 922
Prevalence of gestational and perinatal insults in brain-damaged children, 940
PERIPHERAL BLOOD LYMPHOCYTES
Segregation of peripheral blood lymphocytes in sarcoidosis according to their affinity to insolubilized histamine, 6
PHENYLKETONURIA
Malignant phenylketonuria due to defective synthesis of dihydrobiopterin, 520
PHENYTOIN
Bioavailability of phenytoin: comparison between three preparations, 323
Phenytoin bioavailability assessed by steady state serum concentrations, 327
PHEOCHROMOCYTOMA
Pheochromocytoma of the organ of Zuckerkandl presenting as shock, 517
PHOTOTHERAPY
How stressful is phototherapy to infants?, 926
PLASMAPHERESIS
Rejection-related nephrotic syndrome associated with massive antiglomerular and antitubular basement membrane deposits, 915
PLASMID
Plasmid prophiles and auxotrophy of *Neisseria gonorrhoeae* from Israel, 69
*PNEUMOCOCCUS*
Increasing frequency of penicillin-resistant pneumo-

cocci: epidemiological aspects and case–control study, 340
POLYAGGLUTINATION
T-polyagglutination in Hodgkin's disease, 621
POLYAMINE
Excretion of polyamines by humans following inhibition of diamine oxidase, 543
POLYARTERITIS NODOSA
Chronic cutaneous polyarteritis nodosa simulating recurrent thrombophlebitis, 154
POLYCYTHEMIA
Cholecalciferol metabolites in polycythemic newborns, 95
POLYMYALGIA RHEUMATICA
Temporal lobe meningioma masked by polymyalgia rheumatica, 441
POLYMORPHISMS
C3, BF and C4 polymorphisms in familial Mediterranean fever, 883
POLYPS
Inflammatory fibroid polyp of the cecum, associated with adenomatous polyp and ovarian thecoma, 624
Adenomatous polyp of the common bile duct in familial polypofif coli, 701
Gastric polyps—a clinical study, 841
PREGNANCY
Subclinical rubella in pregnancy—occurrence and outcome, 133
Proteolytic activity in the placenta, decidua and postimplantation embryos of the rat, 394
Transperitoneal migration and ovum capture in rabbits, 514
Glucose tolerance test in Israeli pregnant women, 639
Diabetes insipidus in pregnancy, 695
Vascular-induced intrauterine growth retardation: relations between birth weight and the development of biochemical parameters in young rabbits, 829
Continuous extraovular prostaglandin $F_{2\alpha}$ instillation for second-trimester pregnancy termination, 935
Prevalence of gestational and perinatal insults in brain-damaged children, 940
PRELEUKEMIC SYNDROME
Preleukemic syndrome in elderly patients—report of 11 cases, 292
PRENATAL CARE
Association of infant mortality with lack of regular prenatal care in the Haifa subdistrict, 1980, 123
PRENATAL DIAGNOSIS
Prenatal diagnosis of cystinosis upon exposure of amniotic cells to cystine dimethyl ester, 537
PROGNOSTIC FACTORS
Multivariate analysis of prognostic factors in chronic lymphocytic leukemia, 490
PROPRANOLOL
Comparison of low-dose captopril and propranolol as second-line drugs in mild and moderate hypertension, 736
PROPYLTHIOURACIL
Erythema nodosum related to propylthiouracil treatment for thyrotoxicosis, 62
PROSTAGLANDINS
Reversible acute interstitial nephritis associated with indomethacin, 142
Continuous extraovular prostaglandin $F_{2\alpha}$ instillation for second-trimester pregnancy termination, 935
Comparison of misoprostol and cimetidine in the treatment of gastric ulcer, 968
PROTEASE INHIBITORS
Protease inhibitors in sera as possible indicators of familial hypothyroidism, 605
PROTEINURIA
Proteinuria and chronic renal failure associated with unilateral renal agenesis, 919
*PSEUSODOMONAS AERUGINOSA*
Sternoclavicular arthritis and osteomyelitis due to *Pseudomonas aeruginosa*, not related to drug abuse, 458
*Pseudomonas aeruginosa* isolates from different medical institutions, 798
PSYCHOLOGY
Comparison of metabolic and psychological parameters during continuous subcutaneous insulin infusion and intensified conventional insulin treatment in Type I diabetic patients, 822
PUBLIC HEALTH
Aging: a new public health challenge, 195
The graying of Israel—implications for health and the need for services, 197
PYLORIC STENOSIS
Incidence of pyloric stenosis in northern Israel, 551

RABBITS
Transperitoneal migration and ovum capture in rabbits, 514
Effects of systemic administration of CHLORAMBUCIL® and topical application of CYCLOSPORIN A® on corneal graft survival in rabbits, 670
Vascular-induced intrauterine growth retardation: relations between birth weight and the development of biochemical parameters in young rabbits, 829
Treatment of experimental allergic encephalomyelitis in rabbits with $\alpha$-fetoprotein, 945
RANITIDINE
Effect of cimetidine, ranitidine and omeprazole on hepatic flow of the artificially perfused rat liver, 765
RATS
Experimental allergic encephalomyelitis: prevention by electrical lesion in the anterior hypothalamus in rats, 72
Proteolytic activity in the placenta, decidua and postimplantation embryos of the rat, 394
Gentamicin-digoxin interaction in the rat kidney, 535
Effect of cimetidine, ranitidine and omeprazole on hepatic flow of the artificially perfused rat kidney, 765
RECTUM
Colonoscopic findings in patients with hemorrhoids, rectal bleeding and normal rectoscopy, 139
Unexplained episodes of fever: an early manifestation of colorectal carcinoma, 421

REHABILITATION OUTCOME
Rehabilitation outcome of combat head injuries. Comparison of October 1973 War and Lebanon War, 1982, 957
RICKETS
Vitamin D-dependent rickets Types I and II. Diagnosis and response to therapy, 53
RISK FACTORS
Behavioral risk factors in adolescence as a basis for health planning, 595
Ethnic differences in selected cardiovascular disease risk factors in Israeli workers, 808
RUBBER BAND LIGATION
Treatment of bleeding hemorrhoids by injection sclerotherapy and rubber band ligation, 569
RUBELLA
Subclinical rubella in pregnancy—occurrence and outcome, 133
Rubella immunity measured by hemagglutination inhibition and enzyme-linked immunosorbent assay, 666

SALINE INFUSION
Hemostatic changes after saline infusion, 653
SALIVA
Salivary composition in asthmatic children on theophylline, 460
Salivary theophylline: a reliable alternative to monitoring serum levels?, 462
SAND RAT
Nutrition of the sand rat (*Psammomys obesus*) in relation to reproduction and diabetes, 769
SARCOIDOSIS
Segregation of peripheral blood lymphocytes in sarcoidosis according to their affinity to insolubilized histamine, 6
SCLEROTHERAPY
Treatment of bleeding hemorrhoids by injection sclerotherapy and rubber band ligation, 569
Management of bleeding esophageal varices by repeated endoscopic injection sclerotherapy—4 years' experience, 572
SEPTICEMIA
Septicemia with two distinct strains of *Shaphylococcus aureus* and Dwarf variants of both, 434
*Shigella* septicemia in elderly patients, 631
SEPTIC SHOCK
Septic shock due to *Pasteurella hemolytica*, 397
*SHIGELLA*
*Shigella* septicemia in elderly patients, 631
SKIN
Sweet's syndrome: a presenting sign of acute myelogenous leukemia, 64
Rapid growth of human epithelium in tissue culture, 464
Erythema multiforme and splenomegaly: an unusual presentation of *Mycoplasma pneumoniae* infection, 629
Diagnostic use of the immunoperoxidase technique for cutaneous plasma cell lesions, 675
Trabecular carcinoma of the skin. A histopathological study of two cases, 688
Cutaneous leishmaniasis due to *Leishmania braziliensis* in an Israeli tourist. The importance of accurate diagnosis and appropriate therapy, 456
SLEEP
Letter to the Editor. Sleep—a necessity or an indulgence?, 706
SOMNAMBULISM
Interictal electroencephalography in night terrors and somnambulism, 22
SPINAL CORD
Pediatric traumatic spinal cord injuries in Israel, 526
SPLEEN
Rupture of splenic abscess through the diaphragm, 370
Increased platelet aggregation following splenectomy in patients with myeloproliferative disease, 415
Assessment of splenic function in dogs following arterial ligation and autotransplantation, 579
Erythema multiforme and splenomegaly: an unusual presentation of *Mycoplasma pneumoniae* infection, 629
Preservation of the spleen in children, 922
*STAPHYLOCOCCUS AUREUS*
*In vitro* synthesis of IgE in atopic and nonatopic individuals: the effect of pokeweed mitogen, *Staphylococcus aureus*-derived mitogens, and cycloheximide, 425
Septicemia with two distinct strains of *Staphylococcus aureus* and Dwarf variants of both, 434
STOMACH
Spontaneous fistulization of a pancreatic abscess into the stomach, 548
Endoscopic reduction of acute gastric volvulus complicating motor neuron disease, 552
Accuracy of endoscopy in the diagnosis of inflamed gastric and duodenal mucosa, 564
Gastric polyps—a clinical study, 841
Comparison of misoprostol and cimetidine in the treatment of gastric ulcer, 968
*STREPTOCOCCUS VIRIDANS*
*Streptococcus viridans* vertebral osteomyelitis with bacteremia, 173
STRESS
Stressful events and the onset of diabetes mellitus, 356
SUBCAPSULAR HEMATOMA
Conservative treatment of spontaneous subcapsular hematoma, 847
SURGERY
Necrotizing fasciitis: early awareness and principles of treatment, 127
Botulism intoxication after surgery in the gut, 150
Pulmonary resections in patients over 70 years of age, 833
SUTURE
Endoscopic treatment of suture line bleeding ulcer caused by nonabsorbable suture material in postvagotomy patients, 982

SWEET'S SYNDROME
Sweet's syndrome: a presenting sign of acute myelogenous leukemia, 64
SYNCOPE
Carotid sinus syndrome: an overlooked cause of syncope, 430
Syncope: a retrospective study of 101 hospitalized patients, 950
SYSTEMIC LUPUS ERYTHEMATOSUS
Terminal ileitis in a patient with systemic lupus erythematosus, 67

TAY-SACHS DISEASE
Tay-Sachs disease in an Arab child, 77
T CELLS
Helper and suppressor T cell subsets in 138 asthmatic children undergoing different therapeutic trials, 698
THECOMA, OVARIAN
Inflammatory fibroid polyp of the cecum, associated with adenomatous poly and ovarian thecoma, 624
THEOPHYLLINE
Salivary composition in asthmatic children on theophylline, 460
Salivary theophylline: a reliable alternative to monitoring serum levels?, 462
THROMBOCYTOPENIA
Use of danazol in the management of chronic idiopathic thrombocytopenic purpura, 418
THROMBOPHLEBITIS
Chronic cutaneous polyarteritis nodosa simulating recurrent thrombophlebilitis, 154
THYMUS
Immunoblastic lymphoma and thymic epithelial hyperplasia in angioimmunoblastic lymphadenopathy following gold therapy, 381
THYROID
Erythema nodosum related to propylthiouracil treatment for thyrotoxicosis, 62
Serum thyroxine and triiodothyronine elevation following intravenous amiodarone administration, 165
Graves' ophthalmopathy, ocular myasthenia gravis and Hashimoto's thyroiditis, 377
Screening for neonatal hypothyroidism in Israel during a 4-year period, 485
Protease inhibitors in sera as possible indicators of familial hypothyroidism, 605
Amiodarone-induced dysthyroidim, 610
Diagnostic accuracy of thyroid aspirative cytology in view of cumulative experience, 713
Fine needle aspiration of the thyroid. Five year's experience with 183 patients, 719
Increased insulin responsiveness and insulin clearance in thyrotoxicosis, 722
Papillary carcinoma and the solitary autonomously functioning nodule of the thyroid, 878
TISSUE CULTURE
Rapid growth of human epithelium in tissue culture, 464
TORSADES DE POINTS
Torsades de pointes and carcinoma. A case report with a brief overview of the causes of delayed repolarization arrhythmias, 79
TRANSPLANTATION
Severe pulmonary nocardiosis in kidney allograft recipient with a low immunological response, 613
Effects of systemic administration of CHLORAMBUCIL® and topical application of CYCLOSPORIN A® on corneal graft survival in rabbits, 670
Infections in renal transplant recipients in Israel, 791
Rejection-related nephrotic syndrome associated with massive antiglomerular and antitubular basement membrane deposits, 915
TRIGLYCERIDES
Spuriously high automatically measured hemoglobin values in hypertriglyceridemia, 389
Fat absorption and triglyceride synthesis and secretion by cultured human intestinal mucosa, 962
TUBERCULOSIS, PERIANAL
Perianal tuberculosis, a case report, 468

ULCER
Comparison of misoprostol and cimetidine in the treatment of duodenal ulcer, 102
Comparison of misoprostol and cimetidine in the treatment of gastric ulcer, 968
Endoscopic treatment of suture line bleeding ulcer caused by nonabsorbable suture material in postvagotomy patients, 982
ULTRASOUND
Sonography of periventricular leukomalacia, 683
URINARY TRACT
Accessory urethral channel, 146
Changing resistance of uropathogens to antibiotics, 627
Effect of furosemide on urinary excretion of 4-hydroxy-3-methoxymandelic acid (VMA), 742
Urinary calcium/creatinine ratio following calcium deprivation and calcium loading in an Israeli population, 895
UTERUS
Newborn with multiple joint contractures due to maternal bicornuate uterus, 454
Vascular-induced intrauterine growth retardation: relations between birth weight and the development of biochemical parameters in young rabbits. 829

VAGOTOMY
Endoscopic treatment of suture line bleeding ulcer caused by nonabsorbable suture material in postvagotomy patients, 982
VANILLYMANDELIC ACID
Effect of furosemide on urinary excretion of 4-hydroxy-3-methoxymandelic acid (VMA), 742
VASCULAR SURGERY
Local anesthesia in carotid endarterectomy: an alternate method, 511
VERTEBRAL OSTEOMYELITIS
*Streptococcus viridans* vertebral osteomyelitis with bacteremia, 173

VITAMINS
Vitamin D-dependent rickets Types I and II. Diagnosis and response to therapy, 53
Cholecalciferol metabolites in polycythemic newborns, 95
Nutritional status of a population assessed on the basis of a group of blood donors, 499

X-RAY
X-ray findings of peripheral joints in essential cryoglobulinemia, 529

ZUCKERKANDL, ORGAN OF
Pheochromocytoma of the organ of Zuckerkandl presenting as shock, 517
